The Georgia Milestones Assessment System (Georgia Milestones) is a comprehensive summary assessment program that covers series 3 through high school. Georgia is north of Florida, east of Alabama, south of Tennessee and North Carolina and west of South Carolina and the Atlantic Ocean. The evaluation of social studies for the 8th series focuses on Georgia's history, geography and economy. Georgia is located in the northern and western hemispheres. Students from the eighth series of the entire state will make the assessment of Georgia's landmarks in social studies in April, and the Georgia Historical Society created an updated teacher guide to help them prepare them. Professor Guide uses the Web Quest template to help students review key concepts, people and performance standards events from Georgia SS8H1-SS8H12 today using in Georgia history episodes, online exhibitions and other GHS online resources.
