To boost this weapon, equip mods and perks that boost damage output, particularly your melee damage. Fallout 76 is a fantastic MMO that's absolutely packed with content. 8. You'll find a tonne of these in the wasteland. It also adds to your base strength stat, which can only be a good thing when you need to smash enemies over the head. That is if you play around with the additional components you can put on it. Using perks that boost the damage, increase accuracy, and generally enhance rifles in your hands are good. They'll break enemies very easily, as long as you have enough ammo. 5. There's literally nothing to hate. It throws materials out at enemies at such a high speed that they can't help but fall when hit. This makes the weapon powerful by default. As with all weapons, boost your damage output and you'll give this beast the power you really want it to have. All Rise reduced the weight of this weapon and boosts the player's health. While it might seem a bit weird, it's also incredibly powerful. However, if you end up in the Watoga Shopping Plaza, you can actually buy it there. 7. Black Diamond Image Source: Dufly This is a ski with some shards of metal attached to it. The last great thing about this weapon is that the ammo is easy to craft. Make sure you're keeping an eye out for it when you're in the endgame. Any perks and mods that will boost your damage output are a plus. Anything that lowers this weapon's weight is a good perk, as well as something to up the damage. Hand Made Rifle Image Source: Reddit Easily one of the most desirable weapons in the game that isn't legendary. Gauss Rifle Image Source: Reddit This is a high-powered energy weapon that will decimate foes in your hands. You'll be picking these up all over the game world, so there's no need to actively look for one. The Dragon Image Source: Reddit This is a named weapon in Fallout 76 that is basically the best in the game. Hunting Rifle Image Source: G2G The Hunting Rifle is steady and dependable. Standard shotguns will hurt enemies, but this one has the speed that you need to take them down quickly. You can buy it, but it also drops from high-level enemies. There's no denying that. 6. There are loads of mods that you can get to make this weapon deal additional types of damage, all you have to do is keep an eye out for them. With a turn of that crank, it'll spit out bullets directly into anything it's facing. There's nothing silly that you need to do, just basic ammo that's easily available. It's only a mid-range weapon, but anything caught in that range is going down. Each one has its own advantages and disadvantages too. The most common place you'll find it is in supply drops, containers, and mid-game enemies. The thing to remember here is to just have one, and make the most of it while it's useful. Gatling Gun Image Source: Reddit This weapon is an absolute beast. Better weapons will come along though. We'll keep this guide up to date for this year, so if you're reading it in another one, check out our newer guides. To use all of those up you'll find a great assistance in Perfect Storm. 1. It's a legendary weapon, so it's not easy to pick up, but once you have it, you'll be burning through enemies like there's no tomorrow. Keep an eye on the perks and mods though, they can really make a big difference. Focus on ones that increase damage with SMGs. These are the ones that will push Perfect Storm far beyond its base stats. There's a questline in the main game that will see you pick this weapon up. Weapons. Just make sure that you pay attention and complete every objective you're given in every quest. You can get this weapon through a quest in the game, so there's no need to farm for it or anything. 9. While there are perks to consider on top of mutations and armor, there's another aspect to consider. Still, you'll always remember your first Assault Rifle. You can make this into your one-stop-shop for killing bosses. All you need to do is get one to drop with the right combination for your needs. Combat Shotgun Image Source: G2G The last entry in this list has to be the Combat Shotgun. To guarantee that you get this weapon, complete the Defiance Has Fallen quest for the Brotherhood of Steel. 3. The best way to mod this weapon is to increase its power and add in a bonus for sneak attacks. You can fire off multiple rounds in quick succession and absolutely kill anything. It's a modified version of the Black Powder Rifle, which does an additional 200 points of damage on top of your base output. 10. You may not see

the point in this weapon early on, but it can slay all foes pretty damn fast in the mid-game. All Rise Image Source: Dully This is the legendary sledgehammer of your dreams. Perfect Storm Image Source: Gamers Decide 10mm ammo is one of the most abundant in Fallout 76. Just try to farm the right activities and kill the enemies that have a high drop rate for this weapon. If you add the right perks and modifiers to it, this can face down against even the toughest bosses. 2. However, perks and mods can push it to the next level. 4. That's easier said than done in most cases, but if you play for long enough you might get the right one. In this guide, we'll cover the top ten best weapons in Fallout 76 2021. Play around with the drops you get and your own perk loadouts to see what happens. Assault Rifle Image Source: YouTube There's nothing special about the Assault Rifle, but it's useful. Once again, there are mods and perks that can enhance this thing way beyond its standard capabilities. This weapon is a beast in anyone's hands. Still, the Combat Shotgun is very powerful, and will help you all the way to the endgame. There are loads of different weapons to collect, craft, and use in this game.
